If There's a Surface, There's a Rust-Oleum.

SEP 2024

SINCE 1921

**WELCOME TO RUST-OLEUM® HOME OF TRUSTED
QUALITY AND POWERFUL SOLUTIONS SINCE 1921.**

Rust-Oleum was founded on the principal of providing innovative products that protect surfaces from the elements.

Solving challenges is the very foundation of who we are. After all, in the beginning, our founder, Scottish Sea Captain Robert Fergusson noticed that fish oil spilled on his ship's deck was actually stopping rust. He immediately recognized it for what it was: A valuable solution.

That same passion that drove the Captain to spend his next few years creating the world's first rust-preventive paint is what drives us today. We see a problem and work diligently until we've perfected a solution. This has led to some of the most cutting-edge products in the industry.

If there's a surface that needs to be protected or a look that needs to be transformed, Rust-Oleum has a coating.

Rust-Oleum has been used on the Space Shuttle and the Golden Gate Bridge... A real testament to how well it will hold upon projects around the home.

RUST-OLEUM®

Leading Edge Metal Protection and Spray Paints for the Professional

Nearly 100 years of experience in protecting investments,
big and small.

CONVENIENT PRO RANGE

Commercial sizes for
large projects from
painting bridges and
iron railings, to marking
construction sites and
parking lots.

MINIMAL DOWNTIME

High coverage paints cover
faster, go further and last
longer than other brands.

UNMATCHED PROTECTION

Enamels resist corrosion
from harsh environments
and daily wear and tear.

MARKING & STRIPING PAINTS

Provide 20% more linear
coverage than the leading
competitor.
