Zinsser® Glass Finish is an ultra-thick, high gloss, crystal clear epoxy that provides maximum durability. Ideal as a waterproof finish for table and bar tops, it is also great for crafts and refinishing furniture. It can be used over almost any interior surface; from rough and unfinished to stained, painted or smooth surfaces.

Measure:

Measure equal volume of part A and part B into clean separate containers with smooth walls.

Mix:

Thoroughly mix part A with part B using a clean stir stick. Read, understand, and follow all instructions included inside box before mixing.

Pour:

Pour a generous amount of mixture over the entire surface and spread using spreader or plastic squeegee.

Unit Size	Square Metres*
