Zinsser® Stain & Varnish is the ultimate convenience product for staining and finishing. This revolutionary water-based formula allows you to apply both stain and varnish in one easy step with the ease of soap and water clean-up. Fast drying and virtually odourless, the combination of wood stain and varnish into one product allows projects to be finished quickly. Achieve a deep, rich colour from premium pigments and protect with a durable semi-gloss finish. Highlight wood's beauty on furniture, cabinets and more using Zinsser Stain & Varnish.

READ ALL DIRECTIONS BEFORE BEGINNING PROJECT

RECOMMENDED FOR: Interior wood furniture, trim, cabinets and doors.

NOT RECOMMENDED FOR: Floors or exterior surfaces.

SURFACE PREPARATION: Remove any existing finishes with sandpaper or stripper. Prepare bare wood for staining by sanding in the direction of the grain. Begin with 150 grit sandpaper and progress through 180 and 220 grits. Before using product, remove all sanding dust, dirt, grease or glue with a vacuum, or clean rag dampened with mineral turps.

TESTING COLOUR: Be sure to test Zinsser Stain & Varnish to verify the desired colour. To test, apply in an inconspicuous area. For a deeper colour, additional coats may be applied.

APPLICATION: Stir the contents thoroughly before use. **DO NOT SHAKE CONTAINER.** Apply with a high-quality, synthetic bristle brush in the direction of the grain. Apply in a thin coat until a uniform film has been achieved. To prevent brush marks, avoid excessive brushing. Some grain raise may occur. If so, lightly sand surface using 220 grit sandpaper. Wipe off sanding dust. Apply second coat. One coat application is recommended. If desired, additional coats can be applied with one hour dry time between coats.

COVERAGE: Up to 2 m². Coverage may vary depending on the applicator or wood species used.

CLEAN UP: For fast, easy clean-up, use soap and water.

STORAGE: Store in a dry, well-ventilated place. Keep from freezing.

DISPOSAL: If spilled, contain spilled material and remove with inert absorbent. Dispose of

contaminated absorbent, container, and unused contents in accordance with local, state, and federal regulations.

KEEP OUT OF REACH OF CHILDREN
DO NOT SWALLOW

SAFETY DIRECTIONS: If medical advice is needed, have product container or label at hand. Read label before use. Keep away from heat, sparks and flame – No Smoking. Avoid breathing fumes, vapours, or mist. Ensure fresh air entry during application and drying. If you experience eye watering, headache or dizziness, wear an appropriate, properly fitted respirator during and after application. Wash thoroughly after handling. Avoid contact with eyes, skin and clothing.

WARNING STATEMENTS: May affect the brain or nervous system causing dizziness, headache or nausea. Causes eye irritation. Harmful if swallowed. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

FIRST AID INSTRUCTIONS

IF SWALLOWED: Immediately call a POISON CENTRE (Phone: AUS 13 11 26; NZ 0800 764 766) or doctor. Do NOT induce vomiting. **IF ON SKIN (or hair):** Immediately remove all contaminated clothing. Rinse skin (or hair) with water. Wash contaminated clothing before reuse. Absorb spillage to prevent material damage. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF INHALED:** Remove affected person to fresh air and keep at rest in a position comfortable for breathing. **IN CASE OF FIRE:** Use alcohol resistant foam or fine spray/water fog for extinction.
