---	--

DESCRIPTION AND USES

RockSolid® Decorative Color Chips are designed for use with RockSolid concrete floor coatings. When sprinkled onto a freshly coated surface, these decorative chips bond to the wet film to become a permanent part of the coating. Use on garages, basements, workshops, laundry rooms and more. RockSolid Decorative Color chips also help to hide dirt and surface imperfections and can be used with water-based or solvent-based concrete coatings.

FEATURES

- Use with RockSolid coatings to enhance appearance on concrete floors
- Mix and match chips to customize your color scheme
- Use additional chips to create a textured finish
- Interior / Exterior durability

PRODUCTS

SKU (1.13 kg)	Description
302642	Denim Chips
302643	Saddle Tan Chips

DIRECTIONS FOR USE

Apply RockSolid Garage Floor Coating (sold separately) in 1.2m x 1.2m sections. Immediately broadcast the decorative color chips onto the wet coating after each 1.2m x 1.2m section.

IMPORTANT: Apply decorative color chips onto wet coating only. Move onto the next 1.2m x 1.2m section and continue until complete. Note: Fresh coating can be applied over the loose chips that lay outside the previously coated area. Apply RockSolid clear Topcoat (required for heavy duty coverage) within 7 days of the RockSolid Garage Floor Coating.

COVERAGE

Partial Coverage – 46 square metres per box
Heavy Coverage – 23 square metres per box
